

Barrus introduce three-year warranty scheme for PGO scooters

E. P. Barrus Ltd, has announced a new three-year warranty scheme for all PGO scooters.

With immediate effect, all PGO petrol scooters will come with a free three-year warranty. The warranty is also transferable if the scooter is sold within the three-year period*. To qualify customers should ensure that the scooter is registered by their local dealer and adhere to the conditions and regular service intervals as specified in the Warranty Handbook*.

Tara Glen, COO, E. P. Barrus Ltd comments, “The PGO range offers something for everyone from the stylish, retro Ligerio to the sporty G-Max. PGO’s three year warranty, which I believe is a first in the industry on a complete range of scooters, demonstrates the brand’s commitment to quality. Being transferable it also delivers real value for PGO owners”.

The PGO range will be on display at The Carole Nash International Motorcycle and Scooter Show, held this year from 28 November to 7 December at the NEC on stand 1C10.

-Ends-

*Terms and conditions apply.
